

# JIM DOUKAS

SOUTH WEST COAST

**INDEPENDENT**

I am standing as an Independent to give a voice to our regional communities and fight for what is fair and right.

I have a long history of standing up for our farmers, agricultural and marginalised communities and believe in equal access to education, health, transport and other critical infrastructure for all.

We should not be penalised because we live in a regional area. Our roads need to be fixed and maintained and country people need to be appreciated and cared for before big business and international corporations.

We need to fight for and protect our country's assets and never lose sight of the traditional country values our country was built on. We need governments to support infrastructure like regional roads and the Warrnambool sale yards - something I will be fighting for if elected.

I believe in and will fight for continued access to public land for recreation, protection of our CFA, accountability for Councils and government and protection of our farmers and agriculture industry from diseases such as foot and mouth.

**Independents can create great positive change for their communities.**

**We need to govern with common sense!**
