My name is Mohamad Elmustapha and I'm running as an Independent Candidate for the district of Broadmeadows. I've been living in this district for 24 years and have not witnessed any major changes that benefited the community of Broadmeadows, so that is the reason why I am running for a position in Parliament. I'm a businessman and a father of five who has clear visions and views on what Broadmeadows should look like in the near future for our children and their generation. I want the best for the community and what any parent would want for their children's future.

My concerns for the Broadmeadows district are that we are lacking investments in the education and health system.

If I'm elected my priorities are:

- 1 - Expansion of the Broadmeadows Hospital which will consist of a section for women and a section for the children.
- 2 - I want to invest in a University in the Broadmeadows District.
- 3 - Renew and modernise all train stations in the district.
- 4 - Demand support for all associations and clubs
- 5 - Provide extra benefits for our police, ambulance, and taxi systems
- 6 - Build soundproof walls between Glenroy and Broadmeadows Ring Road Freeway
- 7 - Invest in Building affordable homes for the young generation

These are only a few of the ideas and goals I have for the Broadmeadows District and would hope to share more if I am elected.
