### **POLICIES – *designed to satisfy basic human needs and help struggling micro & small businesses***

**Food Security** – Food vouchers (\$150 adult / \$70 child) per month for every adult on a social security benefit, in Victoria. Food vouchers to be spent at food related micro and small businesses registered with the state government.

**Energy Security** – Build publicly owned local energy production facilities.

**Public Housing** – *to become a priority in Victoria.* Public housing should be available to all Victorians who cannot afford to buy a home.

**Public Health** – Provision of adequate resources and staff.

**Public Education** – No child attending a public school should be denied access to any activity because their parents / guardians cannot afford the activity.

**Recreation** – *everybody deserves a holiday.* Every four years, every adult earning less than \$1,000 per week, will receive a \$1,000 accommodation / travel voucher, and every dependent child receives a \$500 accommodation / travel voucher, to be used in Victoria.

### **HOW DO WE FUND THESE POLICIES?**

■ 50% of stamp duty revenue raised on property sales to be quarantined for a spot purchasing and building program to greatly increase public housing stocks. This would result in 100,000 Victorians being housed in public housing annually.

*Money raised by the following new taxes to be used to fund Food, Energy, Health, Education and Recreation policies:*

- 1% super land tax on land holders – individuals, businesses and corporations who own more than 5 million dollars of property in Victoria.
- 1% rent tax on individuals, businesses and corporations who pay more than 5 million dollars annually.
- 1% turnover tax on businesses and corporations who use virtual platforms, who pay minimal rent and payroll tax if they have a turnover of more than 5 million dollars annually.

### **DO YOU WANT THINGS TO REMAIN THE SAME?**
